

ORDER OF THE SUTTER COUNTY AND YUBA COUNTY BI-COUNTY PUBLIC HEALTH OFFICER RESTRICTING ACTIVITIES IN RESPONSE TO COVID-19 OUTBREAK, WITH EXCEPTIONS AND EXEMPTIONS, AS SPECIFIED

(April 6, 2020)

IT IS HEREBY ORDERED THAT ALL INDIVIDUALS LIVING IN THE COUNTY REMAIN AT THEIR PLACE OF RESIDENCE EXCEPT THAT THEY MAY LEAVE TO PROVIDE OR RECEIVE CERTAIN SERVICES OR ENGAGE IN CERTAIN ACTIVITIES AND WORK FOR BUSINESSES AND GOVERNMENTAL SERVICES; EXEMPTING INDIVIDUALS EXPERIENCING HOMELESSNESS FROM THE ORDER BUT URGING THEM TO FIND EXISTING SHELTERS AND SEEK EXISTING PUBLIC SERVICES TO ADDRESS THEIR NEEDS; ORDERING ALL BUSINESSES AND GOVERNMENTAL AGENCIES TO CEASE NON-ESSENTIAL OPERATIONS AT PHYSICAL LOCATIONS IN THE COUNTY; PROHIBITING ALL NON-ESSENTIAL GATHERINGS OF ANY NUMBER OF INDIVIDUALS; AND ORDERING CESSATION OF ALL NON-ESSENTIAL TRAVEL

Please read this Order carefully. Violation of or failure to comply with this Order is a misdemeanor punishable by fine, imprisonment, or both. (California Health and Safety Code § 120295, et seq.; California Penal Code §§ 69, 148(a)(1); California Government Code § 8665)

UNDER THE AUTHORITY OF CALIFORNIA HEALTH AND SAFETY CODE SECTIONS 101040, 101085, AND 120175, THE HEALTH OFFICER OF THE COUNTIES OF SUTTER AND YUBA ("Health Officer") **ORDERS:**

1. This Order supersedes the March 18, 2020 Directive of the Health Officer directing all individuals living within Sutter and Yuba Counties to remain at their place of residence. The Directive further directed all individuals to maintain social distancing of at least six feet from any other person when outside or when sharing a space.
2. The intent of this Order is to ensure that the maximum number of people self-isolate in their places of residence to the greatest extent feasible, while enabling essential services to continue, to slow the spread of COVID-19 to the utmost extent possible. When people need to leave their places of residence, whether to obtain or perform vital services, or to otherwise facilitate authorized activities necessary for continuity of social and commercial life as more fully identified in Section 13 below, they should at all times

reasonably comply with Social Distancing Requirements as defined in Section 13 below. All provisions of this Order should be interpreted to effectuate this intent. Failure to comply with any of the provisions of this Order constitutes an imminent threat and menace to public health, constitutes a public nuisance, and is punishable by fine, imprisonment, or both.

3. All individuals currently living within Sutter and Yuba Counties ("County ") are ordered to remain at their place of residence. To the extent individuals are using shared or outdoor spaces, they must, at all times as reasonably possible, maintain social distancing of at least six feet from any other person when they are outside their residence. All persons may leave their residences only for Essential Activities, Essential Governmental Functions, Essential Travel, or to operate Essential Businesses, all as defined in Section 13. Individuals experiencing homelessness are exempt from this Section, but are strongly urged to obtain shelter, and to seek existing public services to address their needs.
4. All businesses with a facility in the County, except Essential Businesses as defined below in Section 13, are directed to cease all activities at facilities located within the County except Minimum Basic Operations, as defined in Section 13. For clarity, all businesses may also continue operations consisting exclusively of employees or contractors performing activities at their own residences (i.e., working from home). All Essential Businesses are strongly encouraged to remain open. But Essential Businesses are directed to maximize the number of employees who work from home. Essential Businesses may only assign those employees who cannot perform their job duties from home to work outside the home. Businesses that include an Essential Business component at their facilities alongside non-essential components must, to the extent feasible, scale down their operations to the Essential Business component only; provided, however, that mixed retail businesses that are otherwise allowed to operate under this Order may continue to stock and sell non-essential products. To the greatest extent feasible, Essential Businesses shall comply with Social Distancing Requirements as defined in Section 13 below, including, but not limited to, when any customers are standing in line.
5. All public and private gatherings of any number of people occurring outside a single household or living unit are prohibited, except for the limited purposes as expressly permitted in this Order. Nothing in this Order prohibits members of a single household or living unit from engaging in Essential Travel or Essential Activities together.
6. All travel, including, but not limited to, travel on foot, bicycle, scooter, motorcycle, automobile, or public transit, except Essential Travel and Essential Activities as defined below in Section 13, is prohibited. People may use public transit only for purposes of

performing Essential Activities or to travel to and from work to operate Essential Businesses, maintain Essential Governmental Functions, or to perform Minimum Basic Operations at non-essential businesses. People riding on public transit must comply with Social Distancing Requirements as defined in Section 13 below, to the greatest extent feasible. This Order allows travel into or out of the County to perform Essential Activities, operate Essential Businesses, maintain Essential Governmental Functions or perform Minimum Basic Operations at non-essential businesses.

7. "This Order is issued based on evidence of increasing occurrence of COVID-19 in the County and throughout the State of California, scientific evidence and best practices regarding the most effective approaches to slow the transmission of communicable diseases generally and COVID-19 specifically, and evidence that the age, condition, and health of a significant portion of the population of the County places it at risk for serious health complications, including death, from COVID-19. Due to the outbreak of the COVID-19 virus in the general public, which is now a pandemic according to the World Health Organization, there is a public health emergency throughout the County. Making the problem worse, some individuals who contract the virus causing the COVID-19 disease have no symptoms or have mild symptoms, which means they may not be aware they carry the virus and are transmitting it to others. Because even people with mild symptoms can transmit the disease, and because evidence shows the disease is easily spread, gatherings can result in preventable transmission of the virus. This order is issued because of the propensity of the virus to spread person to person and also because the virus physically is causing property loss or damage due to its proclivity to attach to surfaces for prolonged periods of time. This public health emergency has substantially worsened since the County issued the prior Directive on March 18, 2020, with a significant escalation in the number of positive cases, hospitalizations, and deaths, and increasing strain on health care resources. At the same time, evidence suggests that the restrictions on mobility and social distancing requirements imposed by the prior Directive are slowing the rate of increase in community transmission and confirmed cases by limiting interactions among people, consistent with scientific evidence of the efficacy of similar measures in other parts of the country and world. The scientific evidence shows that at this stage of the emergency, it is essential to slow virus transmission as much as possible to protect the most vulnerable, to prevent the health care system from being overwhelmed, and to prevent deaths. One proven way to slow the transmission is to limit interactions among people to the greatest extent practicable. By reducing the spread of the COVID-19 virus, this Order helps preserve critical and limited healthcare capacity in the County and advance toward a point in the public health emergency where transmission can be controlled."
8. This Order also is issued in light of the national guidelines and The Governor's Executive Orders. Additionally, there have been increased confirmed cases in the County and

surrounding region, most notably Yuba/Sutter Counties now have 27 confirmed cases and 2 deaths, Sacramento County has identified 401 cases and 10 deaths; likewise Placer County has identified 99 cases including 2 deaths. The number of confirmed cases in the Yuba/Sutter Counties are now doubling in a matter of days including a significant and increasing number of suspected cases of community transmission and likely further significant increases in transmission. This Order is necessary to slow the rate of spread, and the Health Officer will re-evaluate it as further data becomes available.

9. This Order issued by the Health Officer for Yuba and Sutter counties is effective as of 11:59 p.m. on Monday, April 6, 2020, based on the previously stated facts including a significant and increasing number of suspected cases of community transmission and likely further significant increases in transmission. Widespread testing for COVID-19 is not yet available but is expected to increase in the coming days. This Order is necessary to slow the rate of spread and the Health Officer will re-evaluate the continuing need for this Order as further data becomes available.
10. This Order is issued in accordance with, and incorporates by reference, the March 4, 2020 Proclamation of a State of Emergency issued by Governor Gavin Newsom, the March 12, 2020 Executive Order (Executive Order N-25-20) and March 19, 2020 Executive Order (Executive Order N-33-20) issued by Governor Gavin Newsom, the Proclamation by the Board of Supervisors Declaring the Existence of a Local Emergency issued on March 10, 2020, the March 10, 2020 Declaration of Local Health Emergency Regarding Novel Coronavirus 2019 (COVID-19) issued by the Health Officer, and guidance issued by the California Department of Public Health, as each of them have been and may be supplemented.
11. This Order is issued in light of evidence that the prior Directive has been generally effective in increasing social distancing, but that at this time additional restrictions are necessary to further mitigate the rate of transmission of COVID-19, to prevent the health care system from being overwhelmed, and prevent death. This Order comes after the release of substantial guidance from the County Health Officer, the Centers for Disease Control and Prevention, the California Department of Public Health, and other public health officials throughout the United States and around the world, including an increasing number of orders imposing similar social distancing requirements and mobility restrictions to combat the spread and harms of COVID-19. The Health Officer will continue to assess the quickly evolving situation and may modify or extend this Order, or issue additional Orders, related to COVID-19, as changing circumstances dictate.

12. This Order is also issued in light of the March 19, 2020 Order of the State Public Health Officer (the "State Shelter Order"), which set baseline statewide restrictions on non-residential business activities effective until further notice, as well as the Governor's March 19, 2020 Executive Order N-33-20 directing California residents to follow the State Shelter Order. This Order adopts in certain respects more stringent restrictions addressing the particular facts and circumstances in this County, which are necessary to control the public health emergency as it is evolving within the County and the Greater Sacramento Area. Without this tailored set of restrictions that further reduces the number of interactions between persons, scientific evidence indicates that the public health crisis in the County will worsen to the point at which it may overtake available health care resources within the County and increase the death rate. Also, this Order enumerates additional restrictions on non-work-related travel not covered by the State Shelter Order, including limiting such travel to performance of Essential Travel or Essential Activities; sets forth mandatory Social Distancing Requirements for all individuals in the County when engaged in activities outside their residences; and adds a mechanism to ensure that Essential Businesses comply with the Social Distancing Requirements. Where a conflict exists between this Order and any state public health order related to the COVID-19 pandemic, the most restrictive provision controls. Consistent with California Health and Safety Code section 131080 and the Health Officer Practice Guide for Communicable Disease Control in California, except where the State Health Officer may issue an order expressly directed at this Order and based on a finding that a provision of this Order constitutes a menace to public health, any more restrictive measures in this Order continue to apply and control in this County.

But people at high risk of severe illness from COVID-19 and people who are sick are urged to stay in their residence to the extent possible except as necessary to seek medical care.
