AGRICULTURAL PRACTICES QUESTIONNAIRE

Property: 35-220-025 Interviewed: _____
(Please attach an aerial or map indicating the location and current uses on this property.)

CURRENT USE

What crops are grown on the site? Rice, Wild Rice, Vetch (Cover Crops)

When are these crops irrigated? M, T, T, Y, Aug

If rice, is the site currently flooded for rice production? Yes / No

In recent years, when have the fields on site been flooded for rice production?

- 2000 (Comments: _____)
- 2001 (Comments: 22 acres Fallow Cover Crop)
- 2002 (Comments: _____)
- 2003 (Comments: _____)
- 2004 (Comments: 22 acres Fallow)
- 2005 (Comments: _____)

What is the source of water used for irrigation?

- Canals (Identify location of source canal: _____)
- Wells
- Other (Please explain: _____)

How does excess water drain from the site? Nctamas Rd 1001

HISTORIC USE

What year was the site first converted to agricultural use? 1950's

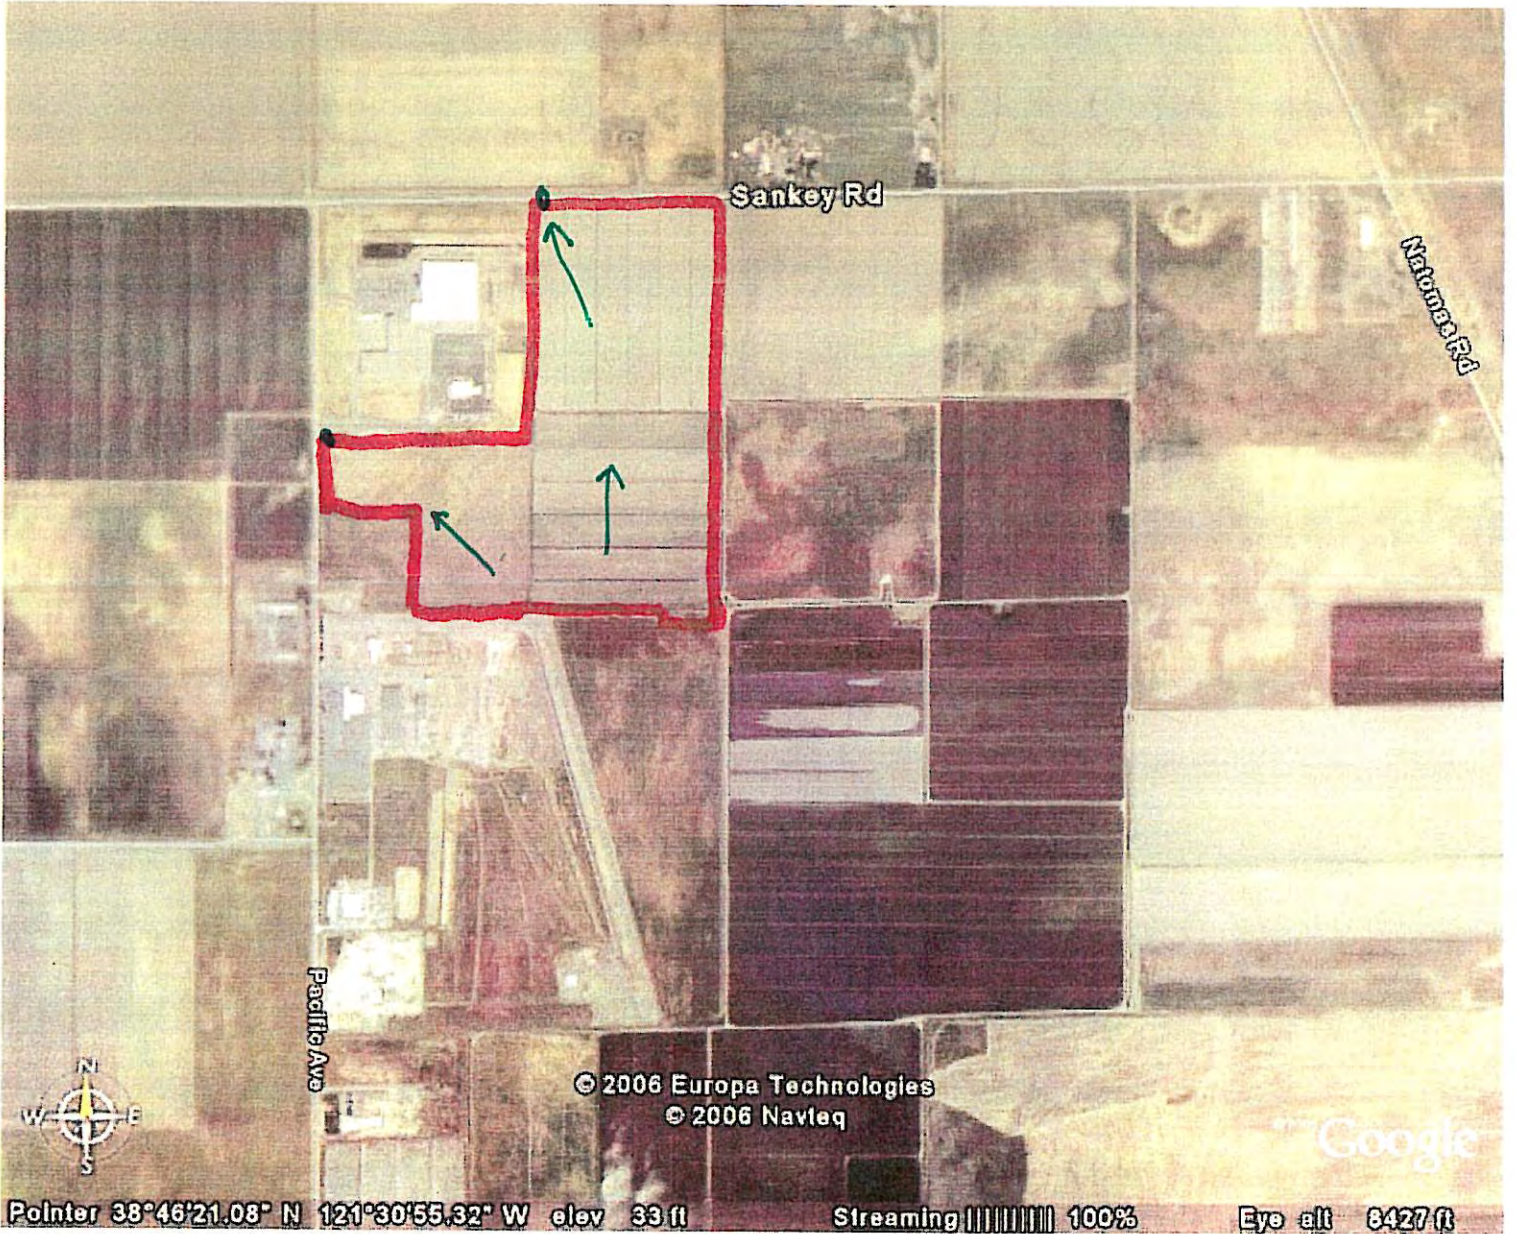

What crops have historically been grown on the site? Rice, Wild Rice, Cover Crops

If rice, when was the site first leveled and prepared for rice production? Early 1970's

Has the site been used for any other uses?

- Pastureland (If so, was it irrigated pastureland? Yes/No Before 1970 -)
- Residential

35-220-025

AGRICULTURAL PRACTICES QUESTIONNAIRE

Property: 35-170-081 Interviewed: _____

(Please attach an aerial or map indicating the location and current uses on this property.)

CURRENT USE

What crops are grown on the site? Rice, Wild Rice, Vetch
A

When are these crops irrigated? May Sept

If rice, is the site currently flooded for rice production? Yes No

In recent years, when have the fields on site been flooded for rice production?

- 2000 (Comments: Except A Vetch)
- 2001 (Comments: Except C HAY)
- 2002 (Comments: Except A HAY)
- 2003 (Comments: Except C - HAY)
- 2004 (Comments: Except C FALLOW)
- 2005 (Comments: Except C FALLOW)
- 2006 (Comments: Except A FALLOW)

What is the source of water used for irrigation?

- Canals (Identify location of source canal: _____)
- Wells
- Other (Please explain: _____)

How does excess water drain from the site? NATOWAS RD 1001

HISTORIC USE

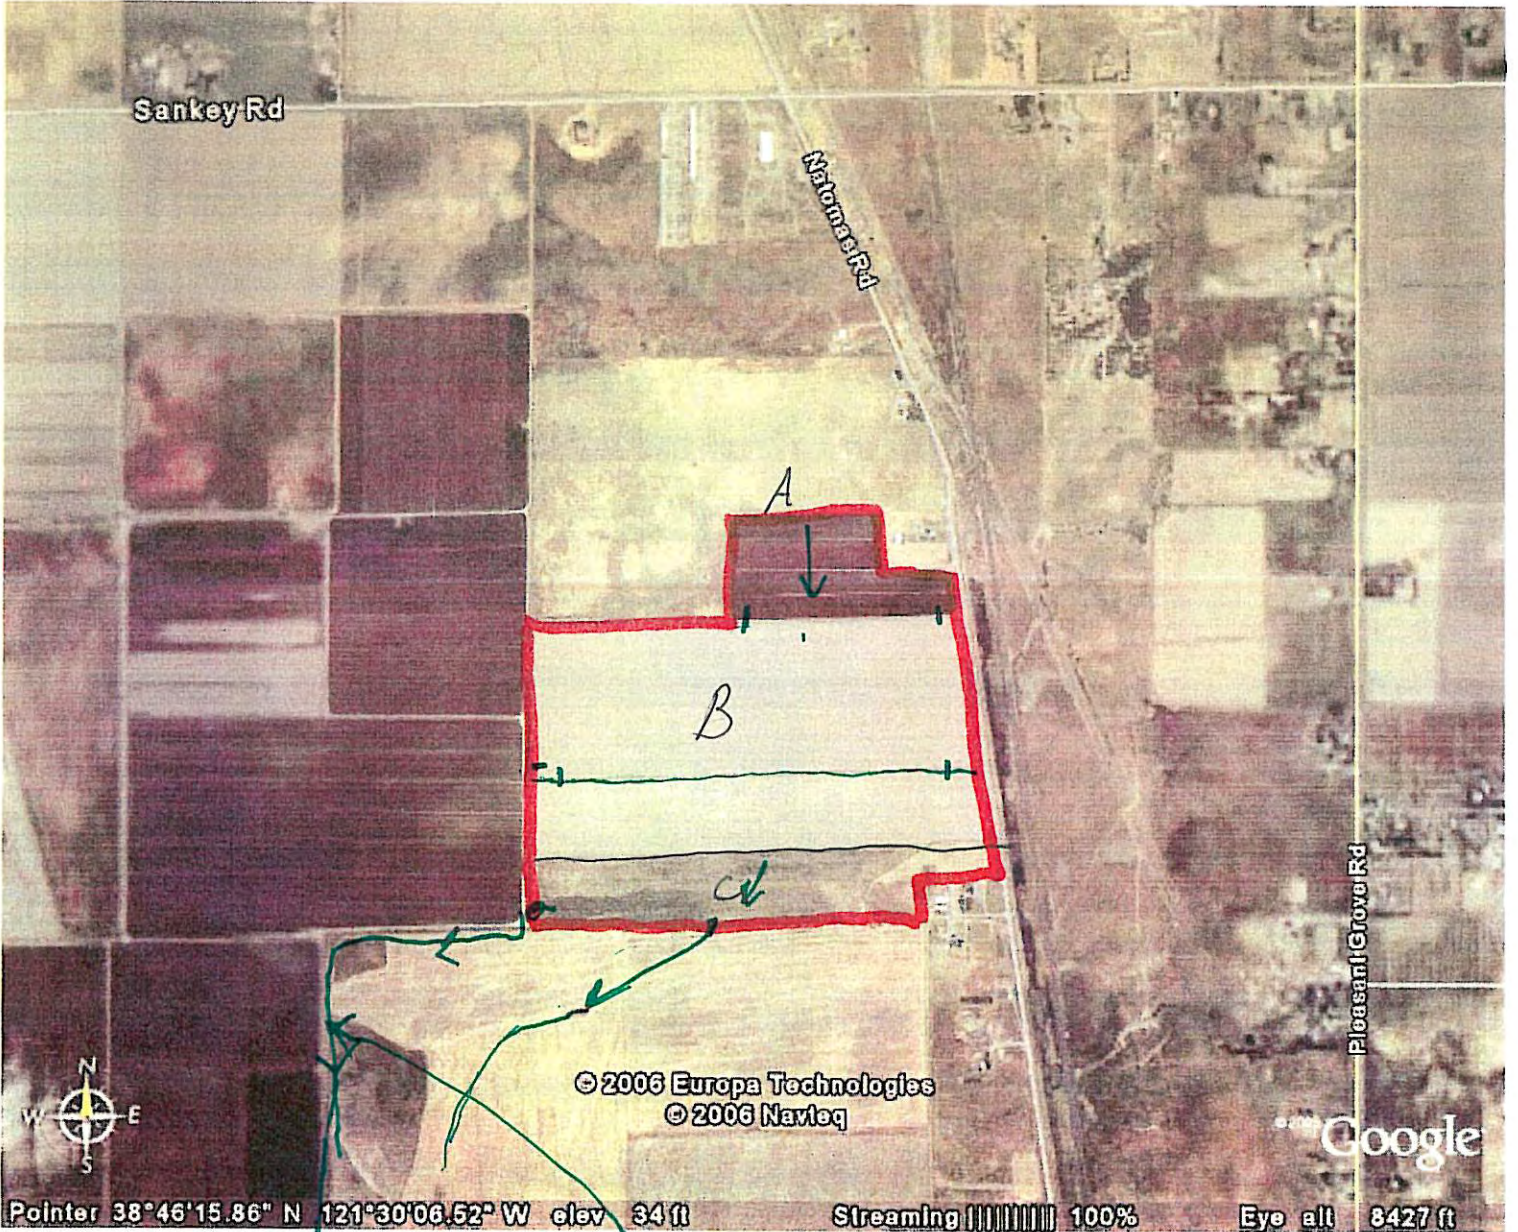

What year was the site first converted to agricultural use? 1950's

What crops have historically been grown on the site? Rice, Wild Rice, Winter
Grain

If rice, when was the site first leveled and prepared for rice production? 1968, Major leveling
Reveled 2000

Has the site been used for any other uses? NO, D
 Pastureland (If so, was it irrigated pastureland? Yes/No)
 Residential
