4. **Behavioral Health Director's Report – Rick Bingham, LMFT:**

Mr. Bingham reported on the following:

- Data Dashboards – SYBH is working on becoming more data informed. An analytics package was purchased as part of the electronic health record system. SYBH will be using this to create dashboards that will assist with more informed decision making and improved client care.
- Expanding Full Service Partnership (FSP) – the goal is to double the number of clients that are currently served. This project is in very early stages. Will eventually attach staff to the iCARE model and have mobile crisis and case management.
- Forensics/SUDS – these programs have now moved under one program manager that has recently been hired.

- Urgent Services Team – this is the Open Access Clinic for adults. Currently open four days per week from 9:00 a.m. – 2:00 p.m. Several therapists have resigned. Hours or days of clinic may be cut back until new staff are hired.
- Youth For Change – this contract provides FSP services for youth. SYBH has entered into a second contract with Youth For Change to provide peer mentors and conduct background checks for the peer mentors to be able to work for Children’s Services.
- Children’s Services – recently underwent reorganization for the program manager position. This position has now been split back in to two positions due to the responsibilities associated with the position and covering both counties.

5. **New Business:**

Brainstorm Ideas for Monthly Program Presentations for FY 20/21:

- In Home Supportive Services
- District Attorney – new laws around behavioral health and how cases are being prosecuted.
- Drug Court
- School Nurse from High School to discuss suicide prevention activities and how this is handled.
- A Better Way Shelter: current census is around 20 – holds up to 40; 6 or 7 have been permanently housed. Suggested to have the program manager for the shelter provide a presentation and schedule a tour.
- Yuba City Unified School District – on how schools are managing behavioral health issues. Suggestion was to work through the Superintendent of Schools office.
- Update on camp fire refugees and where they landed. Most have relocated back to Butte County shelter sites.
- Mental Health First Aid Training (MHFA) – training on mental health signs/symptoms and how to respond to the individual. SYBH will be offering community training events on this topic through the Innovation Plan iCARE project.

Discussion on MHFA training and conducting this training for the BHAB. Ms. Hopper will see if the training can be offered on the weekend and what the full training schedule is.
