Final Narrative

Kidz Time Preschool-Jones Road site would like to thank the Commission for funds from the mini grant that went directly to items that the children could utilize immediately. We have taken a few pictures of the children using a few of the quality learning items. We purchased items that the kids could interact with and items that stimulate creativity. We purposefully chose items that were colorful, vibrant and engaging. Kidz Time Preschool-Jones Road site is thriving with sixteen children that participate in a half day program. Please see attached pictures.

Kidz Time appreciates the continued opportunities to participate in the mini grant funding through the Children's and Families Commission. The money received really does go to meet the needs of the kids in our program both now and in the future.

Thank you,

Katey Ulrich,
Director
530-673-6987 ext 133

Project Narrative

Kidz Time Preschool-Jones Road site is asking for items from the Commission that help promote quality early childhood education through improved child development. Kidz Time teachers purposefully introduce many mediums of play to create success in preschool. Age appropriate activities and curriculum are purposeful, playful, and challenging. Kidz Time teachers work to create an environment that allows for learning through play, singing, indoor and outdoor play stations, reading, dramatic play, gross and small motor movement, and building safe relationships with others. Preschool children certainly view it as play. Kidz Time educators view this time spent as quality learning. Hand in hand it creates what preschool is meant to be... quality preparation for school age learners.

Kidz Time Preschool is partnering this school year of 2018/2019 with the Keys to Quality program. Kidz Time teachers strive to set up learning opportunities that purposefully recognizes the potential of each individual child. Kidz Time teachers respect that each child is unique and the outcome of success might be different for each individual. Kidz Time school year for the Jones Road site begins after Labor Day. Currently, Kidz Time teachers are setting up, freshening, and evaluating Kidz Time classrooms.

Kidz Time is specifically asking for items from this grant that keep the classroom space engaging and age appropriate. Kidz Time is requesting two **circle time themed rugs**. The rugs are attractive, bright, and have numbers and letters on them. A school road rug is ideal for block play and learning about transportation. Kidz Time has chosen many books to enhance circle time. The books include motivating stories that deal with feelings, math, insects, and self control. A sing along circle time C/D encourages music and participation.

Indoor play stations will be refreshed at Kidz Time with added items such as a doctor's kit, **felt sandwich making set**, brilliant pop up puppets, and magnetic shapes that help promote imagination. Kidz Time is requesting **liquid timers** that could be used for science experiments, relaxation time, or transition time.

Outdoor play stations at Kidz Time are used daily. Kidz Time teachers believe children need ample amounts of outdoor play to imagine, to test out small and large motor skills, and to improve physical coordination. Kidz Time is requesting a sand and water activity table and a variety of trikes. These materials are durable and preschool children will get years of active play associated with each outdoor item. Get out and get moving!

The items Kidz Time program is requesting from the Commission will be used immediately upon receiving. The products Kidz Time are selecting for usage is safe, stimulating, and will continue quality in the preschool environment as soon as they reach a young child's hands. Hence, the term "hands on learning" is appropriate.

Kidz Time employ's staff that are capable of making sure children get full utilization of materials purchased through a grant. Kidz Time director, Katey Ulrich, has written and received many grants in her twenty one years as an early childhood educator and administrator of children's programming. Kidz Time Preschool programs always give the credit of materials purchased from the grant to the Commission. Kidz Time desires that parents understand that true quality in early childhood education is a local campaign

"Thank you for choosing Discount School Supply"

Kidz Time Preschool received the tricycles funded by the Children's and Families Commission on March 29, 2019 and the tricycles were assembled on May 29, 2019. The tricycles accommodate 27 children daily, ages 3-5. The entire amount awarded to Kidz Time Preschool from Children's and Families Commission in the amount of \$1,265.25 was used towards the tricycles and Kidz Time paid the difference of \$28.19. The new addition to our outside environment allows the children to use the tricycles for physical activity and creative play while enhancing imaginations.

We have attached a sign to the fencing that surrounds the bike area to thank Children's Families Commission for awarding us this mini grant to allow us to continue to expand our outside environment. The addition of the tricycles will benefit the current children in our program and future children for years to come. We thank the Children's Families Commission for continued service in our Yuba Sutter Community.

Erika's Care Center
Erika Kraus
(530)701-7585

Erika's Care Center has completed The Large Motor Circle Cycle project as of May 3, 2019.

The Circle Cycle provides the opportunity in the outside environment for children to practice and stimulate their physical skills and also allows for social interaction through play for children in the 0 to 5 age group, who are enrolled in care. Erika Kraus, the owner and caregiver of Erika's Care Center is anticipating an increase in the outside environment rating on the annual assessment by the employees of Children's Home Society through the use of the FDCERS in the fall of 2020. Erika Kraus and the children would like to express their gratitude for the enrichment provided by the addition of the Circle Cycle.
