Commissioner Comments –

- a. Don Priem and Don Manley have keys to storage unit
- b. Robert Ripley wants to look into a public shooting/bow range for Sutter County, open area like Oroville.
- c. Don Priem, says no backup arctic chiller stuff in storage

Public Comments—

- a. Archery Equipment, December commission meeting California Deer Association and others. Language regarding minimum draw weight at 35 pounds, discussion how draw weight should not be limited so as to not discourage women and children.
- b. Hatcheries euthanizing fish, selling for profit, tribal rights (1855) and commercial rights
- c. Coming into law, carry concealed when bow hunting (except deer), beginning July 1, 2019. Possibly as protection from boars, bears, etc
- d. Don has class at Agriculture building in March.
- e. Marijuana grows along the rivers.
- f. Small portion of Sutter County on other side of Sacramento River by Knights Landing (following change of river path in prior years), could potentially be in dispute as adjacent land owners put gate across public access road.
- g. Proposition 65- 5 million in funding in the bank for sediment removal. Currently tied up (SBFCA) in permitting. Meeting in next couple of weeks? Funds must be used in 18 months or money will not be accessible.

Correspondence – Spring Salmon Season closed on Klamath River. Klamath emergency action, Spring Chinook listed as being “considered for threatened status” so the entire fishery closed on Klamath and upper Trinity, threatening fishing guides, rv camping, crippling fishery-dependent local tourism. No management for 55 years and concern about limits effective 1/1 through 8/15 while research is completed. Ref F&F Code 2084, 3 stakeholders meetings in March if any wish to attend.

Notes—Storage Inventory to be typed and included in minutes. (See attached)

Meeting was adjourned.

Respectfully submitted,

Patricia DeSantis
