All of Family SOUP's planned activities were on track this quarter. We continued to offer parent-to-parent support, referrals, transportation assistance, support groups, activities, and more virtually. We also started our very first playgroup, Sensory Play. The children really enjoyed getting together virtually and having an opportunity to play, engaging their senses. Their favorite part seemed to be playing with the fake snow. We saw record numbers in our Scrapbooking Support Group as well.

All of the staff at Family SOUP worked hard to enter in all of their family's demographic information and contact tallies into Persimmony. This was very time consuming for the staff, and at times overwhelming. We are all up to date and confident that we will all learn Persimmony and it will not be as difficult moving forward. We have been grateful for the support we have received from ASR and Persimmony through this process.

Family SOUP introduced a new program to take the place of a previously planned program, which was not going to be able to take place due to the pandemic. Family SOUP adapted and is now offering Sensory Play monthly to children with special needs in Sutter County who are ages 0-5. We continue to offer all of our programs and services virtually. All staff have been working completely remote due to the regional and local stay-at-home orders.

One of our parents reached out and let us know how excited their child was about the upcoming sensory play and that they kept reminding them it was coming up. The child was also very happy when their sensory play bag was delivered ahead of time. They said it was so nice to get a fun bag. The parent shared that they were so glad something like this was being offered, especially since their child hadn't been able to attend any playgroups recently.
