<p>Home visiting activities were on track this quarter with the program operating under the HFA Best Practice Standards. All active families were provided with opportunity to complete a satisfaction survey. Results of the survey were very positive - families' responses indicate they are happy with the services they are receiving and report multiple improved areas of their life including parenting skills and relationships. During the month of October, SIDS Awareness Month, MCAH collaborated with the SCCFC to conduct a Safe Sleep awareness social media campaign. Additionally, MCAH staff attended the SCCFC drive through outreach event in October distributing 60 "Sleep Baby Safe and Snug" books and providing safe sleep education to families with infants.</p>

<p>Due to the pandemic and following state health officials recommendations to prevent the spread of COVID outreach opportunities for safe sleep education has been limited. Although staff is unable to conduct in person outreach as planned at the Adventist Health Rideout Birthing Center, we continue to receive referrals from the birthing center and conduct outreach over the phone, providing safe sleep education and offering the safe sleep supplies when the need is identified.</p>
