

FIELD WORKER TRAINING PROGRAM
PESTICIDE SAFETY TRAINING RECORD

PRINT EMPLOYEE'S NAME _____ Employee's signature _____				PESTICIDE NAME					
PRINT EMPLOYER'S NAME _____ Employer's signature _____									
TRAINER'S NAME/SIGNATURE _____ PAC # _____ QAL # _____ QAC # _____									
				Trainer's Initials					
				Employee's Initials					
				Date (w/ year)					
TRAINING REQUIREMENTS (California Code of Regulations 6764(b)):									
Safe Use of Pesticides	LABEL INFORMATION: _____	b1	TOPICS COVERED FOR ALL PESTICIDES						
	Signal words, precautionary statements, first aid instructions, mixing and application directions.								
	APPLICATORS RESPONSIBILITY: _____	b2							
	Protect persons, animals and property while properly applying pesticides.								
	NEED FOR AND APPROPRIATE USE OF PERSONAL PROTECTIVE EQUIPMENT: _____	b3							
	Worker safety regulations, label requirements, PSIS A-1, A-6								
	SAFETY REQUIREMENTS AND PROCEDURES FOR HANDLING, TRANSPORTING, STORING & DISPOSING OF PESTICIDES: _____	b4							
	Engineering controls (enclosed cabs, closed mixing systems); procedures for opening, lifting, pouring & operating equipment. Handling, transporting, storing, disposing of pesticides and spill clean-up.								
	ROUTINE DECONTAMINATION PROCEDURES: _____	b9							
	Need to shower after exposure period; importance of washing hands before eating, drinking, smoking or using the bathrooms; procedures for handling spill clean up; washing clothes. (PSIS A-4, label instructions, SDS)								
	HOW TO OBTAIN EMERGENCY MEDICAL CARE: _____	b14							
	Posting of name, address & telephone number of clinic, physician, or hospital emergency room; company policy for reporting illness and obtaining medical treatment.								
	APPLICABLE LAWS AND REGULATIONS: _____	b16							
	Worker safety requirements, Worker Protection Standards, SDS, PSIS leaflets, labeling requirements								
HANDLER MUST BE AT LEAST 18 YEARS OF AGE: _____	b17								
Handler and employees entering a field under a REI. 3CCR 6722									
ENVIRONMENTAL CONCERNS: _____	b18								
Drift, run-off, and wildlife hazards.									
HOW TO INTERPRET POSTED WARNING SIGNS: _____	b19								
Understand the meaning of posted warning signs, restricted entry interval, & application exclusion zones									
WARNINGS ABOUT TAKING PESTICIDE CONTAINERS HOME _____	b20								
Health Information	POSSIBLE PESTICIDE ENCOUNTERS: _____	b5							
	Treated surfaces, clothing, PPE, application equipment, and drift.								
	HAZARDS OF PESTICIDES: _____	b6							
	Acute and chronic effects, delayed effects and sensitization, potential hazard to pregnant women and children. (Labeling, SDS, PSIS leaflets)								
	ROUTES OF EXPOSURE: _____	b7							
	label AND SDS								
	SIGNS AND SYMPTOMS OF OVEREXPOSURE: _____	b8							
	(Label, PSIS leaflets, SDS)								
	SAFETY DATA SHEET INFORMATION: _____	b10							
	Hazard, emergency medical care treatment, and other information								
	HAZARD COMMUNICATION PROGRAM: _____	b11							
	Written Hazard Communication Information (PSIS A-8), Safety Information, Series leaflets, Safety Data Sheets, Pesticide Use records, employee training, exposure & monitoring records								
	MEDICAL SUPERVISION: _____	b12							
Purpose and requirements if using Category I or II organophosphates or carbamates									
EMERGENCY FIRST AID FOR PESTICIDE OVEREXPOSURE: _____	b13								
First aid for skin, eye, inhalation and ingestion exposure. (PSIS A-4, Label instructions, SDS)									
PREVENTION, RECOGNITION AND FIRST AID FOR HEAT RELATED ILLNESS: _____	b15								
Worker protection standards. 8CCR 3395									
POTENTIAL HAZARDS FROM PESTICIDE EXPOSURE TO CHILDREN AND PREGNANT WOMEN _____	b21								
(SDS, Label)									
EMPLOYEE'S RIGHTS: _____	b23								
Right to receive information regarding pesticides to which he/she may be exposed; protection from retaliatory action due to exercising their rights; physician may receive pesticide information.									
Additional Information	REPORTING PESTICIDE USE VIOLATIONS: _____	b22							
	Report suspected use violations to the Department or County Agricultural Commissioner.								
	RESPIRATOR TRAINING: _____	6739							
Written operating procedures for use, selection, fitting, cleaning, inspection, maintenance and limitations. (Label requirements, specific regulations, PSIS A-5, and respirator manufacturer recommendations)
